

SISK12: Enrollment Verification Data

School Information Systems – a Division of Tyler Technologies, Inc.; Proprietary and Confidential

Path: Click Reports → Student → Enrollment Verification Data

Overview

It is important to verify your student family records at least once per year, generally when the district begins registration for the next school year. This report generates one to two sheets per student, with identifying information for the student as well as contact information for the student, parents, emergency contacts, and siblings.
