

Mrs. Pasternak's Course Syllabus

2009-2010

Course Description: Students will increase their abilities in the areas they need to focus on most. They will work to meet the goals that were addressed in their last IEP meeting as well as other goals which will help the students to be successful in high school and in life. They will be offered support and extra help to insure their success.

Instructional Philosophy: These courses increase the student's ability to work well with teachers, staff, and other students in a small group setting. They are expected to give a good effort and to work to their potential.

Major Course Goals: This will be based on each student's IEP and their individualized goals.

Classroom Expectations: Each student is expected to work up to his or her potential. Each student is expected to cooperate with others. And each is expected to show respect to the school, the staff, other students, and their possessions.

Supplies and Materials Needed: Each student should bring one box of facial tissue.

Time and Place to be reached by Parents:

You may reach me at the high school anytime during the day at 431-2616 Ext. 4156.
