

Strategies for Success

CHS Requirement: ALL assignments are to be completed by all students. Any student with three or more missing/late assignments per quarter will be referred to the office for disciplinary action including Saturday PASS and/or ISS.

If student work is not at the BASIC achievement level (70% or greater), the student will be required to revise work.

Revision of all BELOW BASIC work will have a new due date as listed on the Assignment Log/ICU list.

If a student makes below BASIC on any test/quiz, they will be required to complete a new assessment in PASS. The number of retakes for tests or projects is limited to two. All quarter final retakes must take place within two weeks of the end of a quarter.

The following are actions that will be taken if students do not complete the strategies listed above:

Level One: Teacher/Student Conversation

New due date established for missing assignments on classroom Assignment Log/ICU list.

Level Two: Teacher/Parent Conversation

New due date established, documented on Assignment Log/ICU list and contact with parents/guardian.

Level Three: Administrative/Teacher/Student Conference

Email to Mr. Coleman about student and missing assignment. Follow up phone call to parent/guardian. Student will be assigned to Saturday PASS if new deadline is not met.

Level Four: Parent/Teacher/Student Conference

Administrator will be present to discuss student achievement to develop an action plan for success.

Level Five: Crisis Intervention

All involved (Student, Teachers, Administrators, Counselors, Parents/Guardians) will decide upon further actions to ensure student success.
