**Head Lice and Nits**

Date \_\_\_\_\_ Bus # \_\_\_\_\_

Dear Parent(s)/Guardian:

\_\_\_\_\_ has been found to have head lice or nits and will not be allowed back into the classroom or able to ride the bus until cleared by school personnel. After you have treated your child with a lice killing shampoo, removed ALL nits, and taken the appropriate cleaning measures at home, you will need to bring your child to the nurse's office to be rechecked.

If your child is **COMPLETELY** free of nits and you have signed the attached form providing proof of treatment, your child will be admitted back to class and the bus driver will be notified to let your student back on the bus.

Thanks for your cooperation.

Sincerely,
